*Street Auto Group* teams**

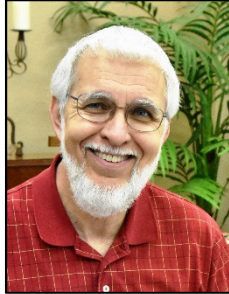

## A resource support person is available

### for members of the *Street Auto Group* teams!

*Street Auto Group* is making available a **staff support** person to provide encouragement, listening ears, and responsive support to team members and families in times of need.

Meet **Danny Mize**, a genuine people person. He will be available to us when “life happens” and we need someone to turn to or to walk alongside us. Whether offering encouraging visits at the hospital due to illness, injury or surgery – OR visiting to rejoice with families over the birth of a child or grandchild, Danny will be just a call away.

- When we need a listening ear, have some great news that we just can't keep to ourselves, or want someone to offer a prayer of blessing for us, Danny will make himself available.
- If grief enters our world because of the death of a family member or friend, Danny can be called on for guidance, encouragement, support, and even someone to lead a funeral or memorial service.
- Danny Mize comes to us with formal education and lots of life experience – having served as a hospital and hospice chaplain, minister, crisis responder, grief group facilitator, and a listener who cares.
- Although not a licensed counselor or a “fixer” of people, he believes in making himself available to companion people on life's journey.

## How will this *staff support* be available to us?

Danny will drop in and be available for a couple of hours on different days and times. He will circulate to say “Hi” and to be available if we want to catch him.

Outside of seeing him on premises, Danny can receive calls or texts at: **806-\_\_\_ - \_\_\_**. He can also be reached by email at:                   **@gmail.com**. Time can be scheduled to meet with him off-site or at work.

Danny is being made available to us as a **staff support** or **resource** person. His services are totally optional to our team members. Conversations will remain **confidential** with him. The management team of **Street Auto Group** will receive quarterly reports of the numbers of interactions provided, without any names or details.

So, whether you're wanting to share a need, ask for support, or just get better acquainted with a very caring person, watch for **Danny Mize** around the shop, ask for his business card, or contact him with a call, text or e-mail. He's here for us, provided by our company leaders who care about our well-being.

**Danny Mize**
