

AMARILLO ISD TEXAS PREVENTION IMPACT INDEX

The Texas Prevention Impact Index (TPII) survey is administered to students in grades 6th to 12th grade in Amarillo ISD. This Prevention Impact Index *measures the knowledge, attitudes, and behaviors* of students that are surveyed. This information is made possible by the [Tobacco Free Amarillo](#), a program of Harrington Cancer and Health Foundation.

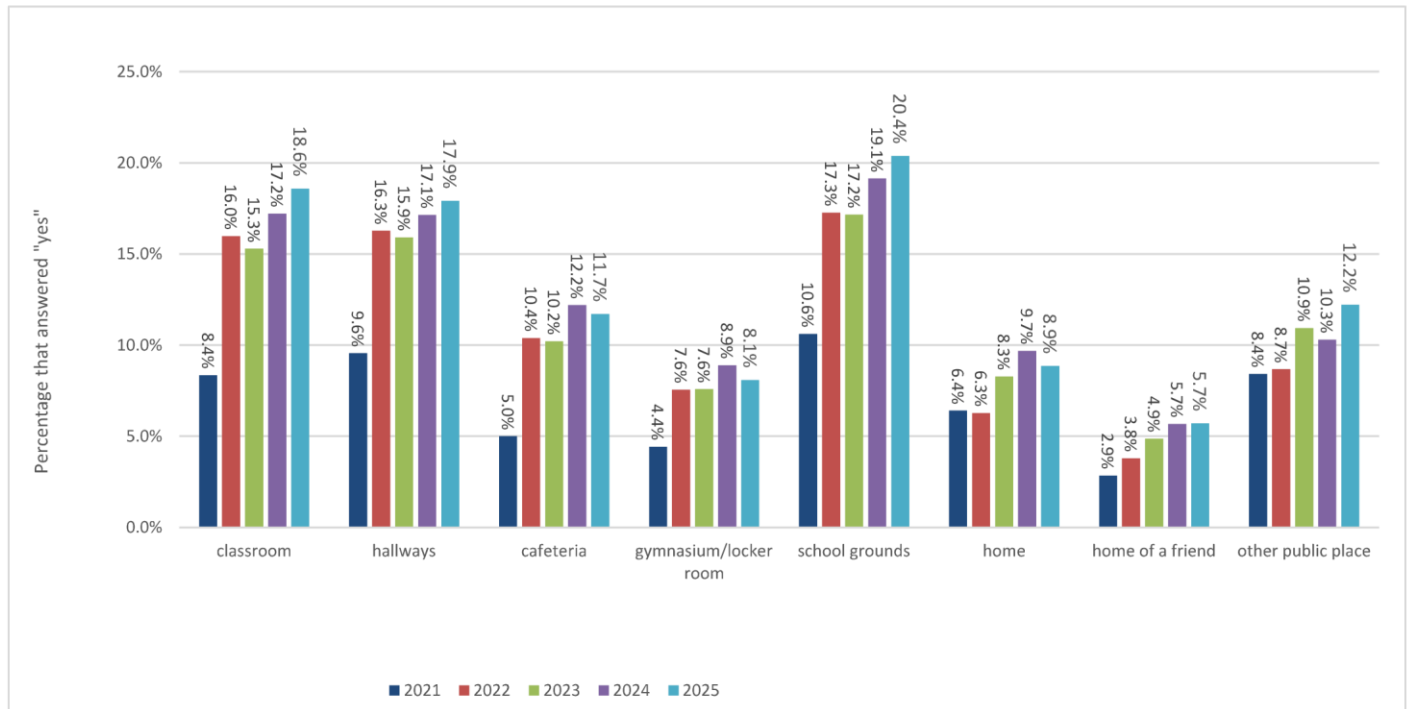

The charts below represent the 5-year trend data of Amarillo ISD students' knowledge, attitudes and behaviors, with the most recent one administered in Spring 2025. The Spring 2025 sample population consisted of 3,212 students. 50.19% of the students were male and 49.81% were female.

BULLYING
